# SCHOOL WITHIN A COLLEGE (SWAC)

Fall 2008

school within a college

## Project of the GRAND RIVER REGION

### SWAC is back!

2008 – 2009 will be the 4th year of SWAC and will support the largest group of students yet. Our SWAC program has been identified by the Project Team provincially as one of the finest. The dedicated staff and the support we receive from the schools are the reason for our success. The students that you send to us have been well selected, work hard generally to complete their secondary courses and most have been extremely successful in the college component. We have learned a lot through the process and partnerships and we expect that this will be the best year yet! If you have students you wish to recommend to the program please do so as soon as possible so they have the benefit of starting with everyone else. The semester begins on September 8th for SWAC students at both Fanshawe and Mohawk.

#### DUAL CREDIT COMPONENT

We offer college credits based on the number of hours per course, so there may be one college credit aligned with one secondary credit or there may be 2 or more college credits per secondary credit.

#### FANSHAWE COLLEGE

Human Services 1 Semester 1	a) College Credit - Canadian Families: Change and Diversity Secondary Credit - Individuals and Families in a Diverse Society b) College Credit - ACE Computers Secondary Credit - The Digital Environment
